BELLE GLADE-PAHOKEE, FL.

## Truck, train collide east of city

**BELLE GLADE** - No one was seriously injured in a collision between a train and a truck east of Belle Glade on Airport Road Tuesday, November 9.

According to the Florida Highway Patrol, Larry James Terry, 40, of 816 SW Avenue B in Belle Glade, said he didn't hear the train approaching when he started to cross the tracks. The vehicle he was driving, a 1975 Ford Truck, was struck in the right side by the train at about 10:15 a.m.

Terry was treated at Glade General Hospital and released. He was travelling east on Airport Road and the train was northbound at the time of the accident.

No charges have been filed, and the conductor of the train was uninjured.

The truck was knocked into the canal which runs parallel to the tracks, and the train was derailed in several places.

## Stauder:

### City should buy back pension time

By JEFF BROWN

**PAHOKEE** - The Pahokee City Council was told by its attorney Tuesday night, November 9, that the ordinance it adopted in 1979 creating a pension for Mayor Duncan Stauder is illegal. Stauder appealed the ordinance to the state's pension fund on the state pension fund if still can.

There are doubts whether the city can purchase the time, however. Councilman Ronnie Graydon said he understood there was an opinion from the state attorney general's office that once a municipality decides not to purchase the back time of an individual, it cannot decide to do so later.

Padgett had served as Pahookee mayor for 20 years before retiring in 1980. Only seven of those years were served under the state pension plan which was adopted by the city in 1973. At that time, the city council decided not to purchase his back time from the state for pension purposes.

In 1979, the city council adopted what council members call "the mayor's ordinance," which created a pension for Padgett upon his retirement a year later.

Stauder said the city may have to include the other elected officials who had served prior to 1973 in the ordinance for it to be legal. City Clerk Betty McCoy and Police Chief Carmen Salvatore III were both elected to their terms prior to them.

The city attorney also said the ordinance is illegal because the city is legally prevented from competing with the state pension fund.

"In other words, we're in violation," said Graydon. "And we know we're in violation," said Stauder.

Councilman William E. McKinstry suggested the council... any action on the pension ordinances or purchasing the mayor's back time from the state until after Stauder determines exactly what must be done to correct the situation.

Stauder agreed that was a good idea.

McCoy said she will get the time of service of both her and Salvatore to send to the state so the city can figure out how much it will cost to purchase the back time of all city employees.

Salvatore took office as city marshall in May of 1969 and McCoy was elected in 1972.

"It's gonna save the city thousands of dollars by buying it back as opposed to paying it out of the city's funds," said Stauder.

Stauder added that a proposal that the city give Padgett an expense account that he wouldn't have to turn in receipts for was also illegal.

"It's like giving away tax dollars," said Stauder.

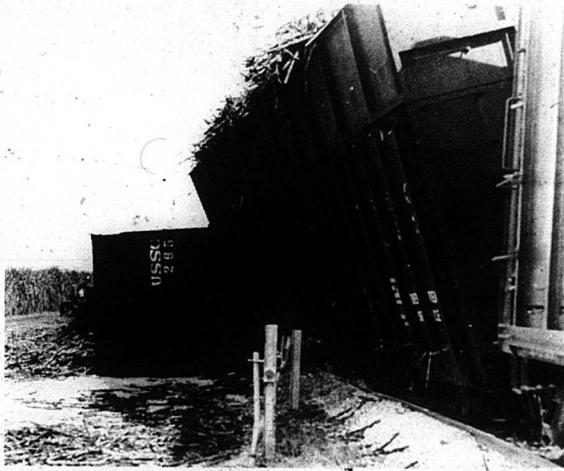

### Go-ahead given on trash plan

**BELLE GLADE** - The Belle Glade City Commission Monday night, November 8, gave the go-ahead to plans to install half a dozen trash collection stations in the city.

Larry Thompson of the city sanitation department presented the plans with a drawing to the commission. He said the stations would serve two functions: they would help improve the city's trash service and they would give people a place to take their trash instead of leaving it in front of their property.

"It's nothing new. Other places have it, but I'd like to see us get something started too," he said.

**THERE WERE NO SERIOUS INJURIES** as a result of this train and truck collision Tuesday. The driver of the truck was treated at Glades General Hospital and released.

The collision occurred at about 10:15 a.m. on Airport Road east of the Sugar Cane Cooperative.

### Strang accepts city manager offer, city to review contract Nov. 22

**BELLE GLADE** - Tommy Strang has officially accepted the city's offer and is expected to take over as City Manager of Belle Glade December 1, if the city commission approves his contract at the next regular meeting November 22, according to City Clerk June Boglioli.

Strang was offered the position about a month ago after Rolfe Wagner announced his intention to seek employment elsewhere. Wagner has since left to assume duties as city manager of Aztec, New Mexico.

Strang is currently employed by Briley, Wild and Associates, but is retiring after 20 years with

the company on November 19.

City officials have been optimistic that Strang would take the position during the month since he was offered the job at a special meeting.

He had been offered the same position two years ago but turned it down, choosing to stay with Briley, Wild instead.

Some years prior to that, he had been offered the position of public works director.

He has been working in the Belle Glade area as a project manager in several of Briley, Wild's projects for the city since the late 1960s.

## Annual turkey shoot set for Dec. 10-11

BELLE GLADE - The Belle Glade Rotary Club will hold its 10th Annual Turkey Shoot from 5 to 9 p.m. Dec. 10 and 11 behind the old J. D. Walker Building at 627 N.W. Ave. L.

The grand prize again will be a Win-

chester Model 94 22M .22 caliber magnum lever action rifle, with the winner being drawn at 9 p.m. Dec. 11.

Shot Chairman Fred Stein and the only change this year was brought about by in-

creasing prices for

shotgun shells and turkeys.

"We considered going up on the price of the tickets," Stein said, "but we decided to increase the number of shooters instead."

This year, instead of

having 10 shooters to

the stand, there'll be 12, with a turkey being given away on each stand.

The annual shoot is the only fund-raising event for the Rotarians, Stein noted.

The shooters fire at a

line of cards 35 yards

away and the winner is

the one who can get a

bullet closest to the

center of an 'X' on the

card.

Shooters may bring

their own 12 or 410

gauge shotguns but

must use the shells pro-

vided by the club.

## New bethel sets fall carnival

**BELLE GLADE**—The Women and Men Day Committee of New Bethel Baptist Church will sponsor a fall car-

nival on Saturday, Nov. 20.

The carnival will be held at the church located at 1101 W.

Ave. (across the street from Lake Shore Elementary School) from 12 to 5 p.m.

Many activities are planned-booth, games, bake sale, food, cake walk and rummage sale.

Admission is free and the public is invited to attend.

The evening program will close out the annual observance with a Gospel Jubilee.

Mrs. Warren said assisting with the program is co-chairlady Laverne Jackson.

The Rev. W.M. Bouyer, pastor and congregation extend a warm welcome to the public to attend.

**Greater New Hope to celebrate women's day**

**PAHOKEE**—The Greater New Hope Missionary Baptist Church will observe Women Day, Sunday, Nov. 14 at 11 a.m. and 3 p.m.

According to chairlady Juanita Warren, the morning guest-speaker will be Mrs. Louise Williams of Shiloh Baptist Church

# Opinion

## Who will be the administrator?

One medical question was recently resolved by the voters of Hendry County and another will soon be answered by the Hendry County Hospital Authority.

The voters said in a referendum that the ambulance service should remain under the control of the hospital authority.

We congratulate the voters for their good sense in keeping the ambulance service where it is now. The ambulance service, like any other government services, needs the scrutiny of a duly appointed or elected board.

Keeping the ambulance service under the hospital authority, which routinely makes decisions affecting the health care of local residents, is only logical.

One of the big decisions the hospital authority has facing it now is the selection of a hospital administrator.

It is a very important job. The authority is seeking a leader, a qualified professional, and a problem solver.

Serious problems confront hospitals everywhere and resourcefulness, integrity, and honesty are important assets to have. The selection of an administrator will have ramifications which could affect Hendry General Hospital for years to come.

At stake is nothing less than quality health care which local residents have a right to expect from their hospital.

## City, county board working together

Last week, the Belle Glade City Commission and the Palm Beach County Community Relations Board finally met eye-to-eye and ironed out their differences.

The board had been existence since 1980 when the county commission created it to keep harmonious relations between the county's various ethnic and racial groups.

Since then, the board members had toured the SW Fifth Street area several times, inviting members of the coastal media to go along. The resulting publicity often caused some hard feelings between the city and the board.

City officials accused the board of grandstanding and even troublemaking.

The board accused the city of being insensitive to the housing problems in the deteriorated area.

City officials and board members never met.

Finally, early last week, the two bodies, the Belle Glade City Commission and the Community Relations Board, sat down together in Belle Glade and found out the other wasn't necessarily the ogre the other thought.

The board members, for the most part, proved themselves to be concerned but admitted to being uninformed of the city's efforts in the area. The chairman, B. Carlton Bryant, said that the meeting has changed his impression and he would try to relay that to the coastal media.

The city commission showed itself to be concerned with the problems of the citizens living in the SW Fifth Street area, and discussed the efforts it was making towards improving conditions in the area. It admitted to having limited resources.

Perhaps most important, the two discussed ways of increasing the resources for use in the area, and the board offered to help the city obtain funds.

The two bodies working together could make more of an impact than the two working against each other. We can't help but wonder why the two didn't get together sooner. All the chairman of the Community Relations Board had to do was telephone the city clerk to get things started on the right track.

## Waiting for pie in the sky

I have never known anyone who was just sitting back waiting for a rich relation to die so that they would become independently wealthy.

But I'm sure that they exist. There is nothing really wrong with wanting to be independently wealthy, so long as it's done in the proper manner.

Back in the 1950s, the television program "The Millionaire" had lots of followers. The program struck a responsive cord in folks who thought a stranger might ring their doorbell some day and give them a million dollars, tax free.

Today we know this probably won't ever happen. But many of us have a fuzzy feeling when we drop out Readers Digest Sweepstakes form in the mail that we are going to win the grand prize.

I think it's a lot like this situation pegging our hopes for riches on winning a sweepstakes rather than waiting for a rich aunt to die. To speak nothing of the even bleaker prospects if you're waiting on a rich aunt to die and you don't even have one.

While there might be "pie in the sky" it is usually out of our reach.

You can make the same kind of analogy to real life and your community.

The old cliché that there is no free lunch is true. The business and cultural life of a community doesn't just suddenly get better by wishing it or sitting back and waiting for pie to drop out of the sky.

Progress is made by people working together, planning, and thinking.

It's a fact that bringing just one new, light, clean industry to a city requires years of intensive wooing and working.

A number of efforts have been made in the Glades area over the years to diversify the economic base and bring in industry which is compatible with the agricultural sector.

In Glades County, an Industry Authority was created and a year ago made strong efforts made to bring in an alcohol plant. There was really went for nothing, but the prospect was exciting.

Now, the Clewiston Chamber of Commerce is backing an effort to help develop Air Glades Airport in cooperation with the county commission.

Results may be years down the road. But a start has been made.

And who can object? Clean light industry which will augment our existing economy can only help all of us.

Sensible planning and foresight can help all communities around the lake grow.

We can either take matters responsibly into our own hands or we can sit back and wait for pie in the sky.

## SMOKEOUT

AILSA  
DEWING

AND WHAT NOT

## Reading between the ads

Appliance stores sell appliances, grocery stores sell groceries and newspapers sell news, right? Wrong. Newspapers sell advertising. They give the news away for nothing.

Every inch of reading in a newspaper that isn't sold is free space whether it's occupied by sports, society doings, government goings-on, or What-not.

When you submit something to the newspaper to be printed, it's a club meeting announcement or a letter to the editor, the space you get free was bought and paid for by an advertiser.

Well, you may say, if there wasn't any news in a newspaper, why would anyone advertise? They wouldn't. They'd take their advertising money and go elsewhere — to radio where they'd pay for a spot squeezed in between the music and chatter and hope it was heard at the moment it was broadcast because, unlike the newspaper, you can't "tune in" on it later.

A newspaper without news is a "flyer." It's something you get in your post office box that the advertiser hopes you won't drop in the waste basket on the way out without even looking at it.

A newspaper is an agreement between the advertiser and the publisher. The publisher says to the advertiser, "You advertise in my newspaper and I'll print a paper that people want to read and part of what they'll read is your advertisement."

Newspapers thrive on subscriptions but not

because of the income. There is no profit in mailed subscriptions — the price covers the cost of mailing. If a newspaper makes 10 cents a copy on "free sales," it collects \$10 for every 100 papers sold. That would make it a nonprofit organization quickly.

But that doesn't mean the readers aren't very important people. Because a newspaper has subscribers it can convince advertisers there's somebody out there reading the paper. If a paper can't exist without advertisers, neither can it exist without readers.

The whole arrangement becomes a charmed circle when subscribers read the ads and shop with the advertisers. Then everybody gets his money's worth.

In a recession, the advertising dollars get tighter if people aren't buying as much. Yoked with an inflation, the costs of doing business keep rising — for the newspaper as well as everybody else.

Those of us in the newspaper business take it for granted that everybody understands this relationship between the reader, the advertiser, and the publisher. Well, everybody doesn't understand.

And can you believe it? We're the people who're always saying, "Don't take anything for granted!"

## Letters

Editor:

I am a former Hendry County School Superintendent. Jim Edwards, another man I want to thank you for expressing how you feel about Jim and for seeing him like he really is. I feel the county has lost a strong leader, with enough common sense and education to meet every challenge he faced, and all he did for the people of Hendry County were taken for granted, and not really appreciated by a lot of people.

Perhaps most important, the two discussed ways of increasing the resources for use in the area, and the board offered to help the city obtain funds.

The two bodies working together could make more of an impact than the two working against each other. We can't help but wonder why the two didn't get together sooner. All the chairman of the Community Relations Board had to do was telephone the city clerk to get things started on the right track.

office.

I only hope his successors will be able to please all the people all the time. "Thankful" to his loyal friends for every courtesy shown him while he was there. God bless you all.

Sincerely,  
Myrtis Whiddon

Editor:

Living in a small town the size of Clewiston, you hear a lot of bad talk about the local hospital. I would like to say something good. Beginning with the Ambulance crew, Emergency Room, Dr. Kaki, nurses at Station II and Mrs. Biggs, aides, therapist, pink ladies and all the staff that was connected any

way with the care and treatment of Jennett Joyner. We had nothing but kindness and love and concern shown to us by the whole staff. Jennett was a patient for over a month from a massive stroke. Everyone was always there with a kind word of hope and encouragement. For this we want to say thanks. It makes us proud to live in a small town. Thanks to all the

friends and relatives and churches who showed us so much love and kindness.

We want you all to know with the Lord's help and the great care from Dr. Kaki and the hospital staff. We are happy to see that we brought Jennett home. We will always remember the kindness and love showed to us. Family of Jennett Joyner

### Letters Policy

We solicit and encourage letters to the editor.

Our guidelines are simple:

- ✓ No libelous content.
- ✓ Letters should be relatively brief — no more than 300 words as a general rule.
- ✓ Signatures are required.
- ✓ No poetry, please.

## Veterans' Day '82

By the President of the United States of America

A Proclamation

Veterans' Day affords all Americans a special opportunity to honor the deeds of those who sacrificed so much to answer the call to arms during the life of this great country. On this day our Nation is united in tribute to the valiant men and women who have unselfishly given of themselves to serve in our Armed Forces.

Words alone are insufficient to express our lasting gratitude and admiration to those whose patriotism and courage have ensured our peace and freedom despite threats of tyranny and aggression. Significant disruptions in their lives and other personal hardships have been the price that our Nation's veterans have paid so that the rest of us might enjoy the fruits of justice and liberty.

In order that we pay meaningful tribute to their efforts, Congress has provided (5 U.S.C. 6103(e)) that November 11 shall be set aside each year as a national holiday to honor America's veterans.

NOW, THEREFORE, I, RONALD REAGAN, President of the United States of America, do hereby call on all Americans to join in observing Thursday, November 11, 1982, as Veterans Day. I urge both public ceremonies, as well as private thoughts and prayers, in recognition of the great contribution of our veterans to an America that today is an example to all nations of freedom, liberty, and democracy. On this day, et us give special consideration to those who have died in our Nation's wars and to those who have been disabled in service.

I call upon Federal, State and local government officials to mark Veterans Day by displaying the flag of the United States, and I ask those Government officials to support fully and personally its observance by appropriate ceremonies throughout the country.

IN WITNESS WHEREOF, I have hereunto set my hand this 16th day of Sept., in the year of our Lord nineteen hundred and eighty-two, and of the Independence of the United States of America the two hundred and seventh.

Ronald Reagan

## Computer

had to be manually put into the new programs. City employees, including Underwood, had to travel to Miami where they would program the data into the new system.

This was necessary because the black box couldn't enable the Microdata system the city was purchasing to "talk" to the old city computer.

Expansion wouldn't make it impractical for the city to change from one type of system to another because of the bulk of data that would have to be transferred, though.

The black box makes it possible for the Microdata system to "talk" to the computer produced by some other companies.

The new system also has several other advantages over the old system.

It can search for a name phonetically if the exact spelling isn't known. This enables the city to determine unpaid bills of utility customers who attempt to skip out on the bills or reconnected to the utility systems without paying their unpaid balances.

While most computers have to be "talked" to in a special code that the user must learn, the city's system can be entered and data pulled out using the English language.

"That's really nice," said Underwood. "The

## Trash

He said he already has sites committed in the northwest, southwest and southeast sections of town.

Each station, which he called neighborhood trash stations, would consist of a dumpster for garbage and the trash collection facility.

The trash stations would be made of redwood or cypress with barn style doors in the front for emptying by the city.

They would have shell-rock floors.

Each station could be dismantled if the site it was at became undesirable, he said.

Mayor Thomas L. Alford said he thought the city may end up subleasing out of town trash disposal if it can't leases the sites, but Thompson said the city would have to deal with that anyway.

"You're gonna have them matter when," agreed Commissioner George Goforth, Jr. "Ain't nothing we can do about it."

An eight foot square site will cost \$200 and a 16 foot square site will cost \$300 to construct. Thompson said he is asking local civic clubs to sponsor the construction of the sites, and the city would construct and maintain them.

"I think it's a real good idea," said Goforth.

"Looks pretty," added Commissioner William Greer.

City Finance Director and acting City Manager Frank Anderson agreed. "I think it's worth giving

## Fraternity plans disco

BELLE GLADE-The Omega Psi Phi Fraternity is sponsoring a disco party, Saturday, Nov. 13, at the Belle Glade Civic Center, located across from the Glades Central football field.

Tickets are now on sale from any member of the fraternity and also at the Real Deal Record Shop. Tickets are \$5 per person.

Person wishing to get in at the door for \$4 can donate a canned good to the fraternity. Sherry Lee Clark, a member of the fraternity and the chairman of goods donated, will all go into a canned goods basket, which will be distributed to needy families in the communities.

For tickets information contact Clark at 924-5882 or Barry Carrigan at 996-8290.

## Car wash planned

BELLE GLADE-Kappa Alpha Psi Fraternity is sponsoring a car wash Saturday at the Paseo Shell Service Station.

Horace Dozier, reporter for the organization said the men of Kappa Alpha Psi will wash cars starting at 8:30 a.m. and will wash cars throughout the day.

The cost of the car wash is \$3 and includes both interior and exterior cleaning.

Continued from Page 1

English language makes it easier to use."

All users have their own entry codes and can only get into certain parts of the computer's data. Only Underwood has access to all the computer's information.

He also gets a list of everything the computer's users did in the system each day. He can see what operator went into what file and why. If any discrepancies appear in any of the data, he can search these records and trace what changes were made by people entering the computer.

Underwood has been working with computers since 1968 when he was in the army. The first computers he worked on were crude compared to the new city unit. To enter data and make it work, wires had to be plugged into connections. Later he worked on the computers that are programmed with cards.

Since working for the city, he has helped select the computers: the new Microdata system and the word processing system in the city clerk's office.

The new city system has word processing capabilities also.

It also has several games programmed into it. Of course, only Underwood can enter the system to play those.

Continued from Page 1

a try," he said.

In other business, the city commission:

- Approved a second interim agreement between the city and the Palm Beach County Community Development Program for the month of November.

- Voted to approve the renewal of the lease on the old city hall annex on SW Avenue E. Dr. Ray Behm, Jr.'s dentistry practice occupies the building.

He was asking the lease be renewed under the old terms, but the city is seeking several changes.

The commissioners decided to ask for \$400 a month because of inflation over the five years he has occupied the building. Behm is currently paying \$250. They also want to reduce the term to three years.

Alford said Behm has improved the building and he would like to see him remain in it. The commissioners agreed that if the terms are agreeable to Behm, the commissioners and he could discuss them.

- Voted to purchase a television sewage inspection system from Cues for \$39,000.

The city also voted to purchase water meters from two companies.

The city will be purchasing four four-inch Badger water meters from Sunstate Meter and Supply Company in Gainesville, Florida.

It will also be purchasing four six-inch Neptune water meters from Underground Supply Company, Inc. of Fort Lauderdale.

- Agreed to donate the fee to use the Marina Pavilion back to the West Technical Education Center. The is seeking to use the pavilion for a get together with new faculty members, according to Commissioner William Greer.

- Appointed several members to citizen participation committees.

J.D. Lee III was reappointed to the Airport Advisory Committee, and Francisco Rodriguez was appointed to replace Clay Spears.

Claude A. Tindall was reappointed to the Port Committee.

William Acree and F.E. Hollingsworth were reappointed to the Board of Adjustment and Dudley Barnes was reappointed to the Board of Trustees of Port Mayaca Cemetery.

David Campbell and Naomi Conley were reappointed to the library board.

Eight individuals were appointed to the Municipal Golf Course Advisory Committee: Gene Avrill, Paul Day, Frank Gillis, Jo Knight, John Schlechter and Kathryn Weeks were reappointed and Tim McKee was appointed to fill the vacancy left by Charles Schiele.

- Approved the auction of bicycles and surplus city equipment.

BETTY JEAN MEYER, a computer operator, changes a tape on the main unit of the new computer. The old system sits in the background.

## Class of 73 to meet

BELLE GLADE-The graduating Class of 1973 of Glades Central High School will meet, Sunday, Nov. 14, at 4 p.m., at the home of Miss Louise Hearst, 68 1/2 S.W. 9th St., Belle Glade.

For more information, members may call 996-2504.

## Turkey, ham dinner set

BELLE GLADE-The Belle Glade Business and Professional Club will be holding their annual Turkey or Ham Dinner this Sunday, Nov. 14, from noon until 2:30 p.m. at the Municipal Civic Center, Belle Glade.

The dinner will feature turkey or ham with all the trimmings, plus a drink for a cost of \$8 per ticket for adults and \$3 for children.

Funds raised from the dinner will benefit the club's educational projects.

For more information call Linda or Juanita at 996-5140.

*Happy Jack*

## Glades Day School beaten by No. 1 Frostproof

**BELLE GLADE** - One week after clinching the district 7A title with a shut-out over Benjamin, the Glades Day School Gators were quickly brought down to Earth when number one ranked Frostproof trounced them 33-6.

Frostproof dominated the game in almost every category, holding the Gators to just 85 yards passing and 82 on the ground. Frostproof forced Gator turnovers, intercepting one of Raul Garcia's 16 pass attempts, and recovering three of the Gators' four fumbles.

The Gators' only six points of the game came in the third quarter with Frostproof up 27-0. Mike Schlechter returned a kick-off 94 yards for the

touchdown.

Frostproof had the game won in the first quarter when it scored a touchdown and an extra point, taking the lead 7-0.

At half-time, the game was still in reach of the Gators, with Frostproof up 13-0. Any hopes of catching their opponents were dashed in the third quarter when Frostproof ran up 14 more points and gave up only six.

A touchdown put the cap on a 33-6 victory in the fourth quarter.

Brian Lohmann led the Gators on the ground with 37 yards in 10 carries, while Frostproof's Alonso Smith carried the ball 31 times for 215

yards.

Raul Garcia completed five of 16 passing attempts for 85 yards and lost the ball in one interception.

Frostproof completed three of eight passing attempts for 66 yards and lost the ball in four interceptions, one of two areas the Gators led the game.

The Gators also led in the penalty category, losing 15 yards in one penalty. Frostproof was set back 65 yards in seven penalties.

The Gators' three punts averaged 34 yards and Frostproof punted once for 44 yards.

"I think we left our game in Belle Glade," said Gator Coach Byron Walker. "We weren't emotionally prepared to play the number one team in the state, and when you play a team of their caliber, you better be emotionally prepared."

"We seemed more worried about the cold weather than playing football. Sad but true. (Frostproof) were at their best and we were at our worst," he added.

This week, the Gators travel to Moore Haven to take on the Terriers. Walker and the Gators saw the Terriers at the jamboree over Labor Day weekend at Glades Day.

"We expect a good ball game. They give us one every year," said Walker. "They have a good strong running game."

He doesn't intend to change the team's strategy from what's been bringing it success all year.

"We'll run the ball off tackle," he said, adding that he hopes to bring back some of the respect for the defense that was diminished by last week's game.

Next week, the Gators end the regular season against Melbourne Central at home.

## Raiders lose homecoming

**BELLE GLADE** - The Glades Central Raiders playing on a wet, slippery field lost their annual Homecoming game against Fort Pierce Westwood Friday.

The Panthers handed the Raiders their third loss of the season. Fort Pierce won the game 20 to 13.

Junior halfback Kelvin Nedd's 33 yard touchdown run on a second and 23 play broke a four-quarter tie and gave the Panthers the Sun Coast West Conference victory.

Glades Central jumped to a 10-lead in the first quarter as linebacker Tony Moore set up two touchdowns by blocking punts. After the first of the blocks, Raiders quarterback Eric Smith passed 28 yards to Willie Snead to set up Randy Rutledge's 7 yard scoring run. Rutledge led the Raiders with 65 yards on 15 carries.

Moore scored the Raiders' second touchdown, blocking a punt near the 20 yard line, picking up the ball on the 12 and running it in.

Westwood cut the lead to 13-7 after recovering a fumble, one of four Glades Central turnovers, as junior flanker Robert White caught a 15 yard pass from quarterback Curt Boyd.

The Panthers tied the game in the third quarter in a 1 yard run by Zerion Simpson.

The winning touchdown drive was set by another Raider turnover, one of two interceptions

thrown by Smith, that gave the Panthers the ball on Central 35.

Three plays later the Panthers went in for the winning touchdown.

The Raiders will host the Pahokee High School Blue Devils Friday night at 8 p.m.

## Glades Sugar edges Gold Coast

**BELLE GLADE** - Glades Sugar came from behind to win the winter softball standings with three victories last week.

Glades Sugar beat Everglades Farm Equipment 8-6 in 12 innings when Dwayne Doney and Mike Frazier drove in the winning and insurance runs.

American Legion was shut out by the summer league's A Division champions 11-0 and Glades Sugar completed the week with a 4-2 victory over Gold Coast Chemical.

Frazier started Glades Sugar's first rally against Gold Coast with a single to lead off the second. He was followed by Kekay Ruiz who also singled. Rosario advanced the runners with a fly into center, and Mike Frazier walked to the plate off of singles by Ron Pittman and Billy Anderson.

The 4-2 score held fast through the rest of the game although Gold Coast Chemical loaded the bases for a three-out threat in the bottom of the seventh.

The runners scored when when Mosley grounded to short.

In the bottom of the inning, Gold Coast Chemical scored a run to cut the lead in half.

Billy Anderson walked to lead off the inning. He advanced to second when Billy Sanchez grounded to the pitcher and Chuck Anderson singled to bring him home. Ken Schlechter singled to keep the inning alive, but John Hood flew out.

A quarterback sneak by Hooker failed on the first down, but he scored one play later. The conversion failed and Forest Hill led 6-0.

Pahokee tied the game later in the second quarter as Antonio Wilson passed 47 yards to Walter Johnson for a touchdown. The Blue Devils also failed on the conversion try, and the score was tied 6-6 at halftime.

The 99-yard run gave Forest Hill a 12-6 in the fourth quarter. Murray's touchdown catch culminated a 49-yard scoring drive later in the quarter to complete the scoring.

The Falcons and Pahokee both scored in the second half after going scoreless during the first quarter of play.

The Falcons also got touchdowns from quarterback Chuck Hooker on a 1 yard run and on a 14 yard pass from Hoke to Mark Murray.

A Wilbur Ramos punt had backed Forest Hill to the 10 yard line in the second quarter. On second and 10, and with the Blue Devil defense jamming to the middle, Frazier took off around right end. He cut back at the 30, got a block from Murray, and sprinted untouched to the end zone. Frazier finished the night with 143 yards rushing.

The Falcons also scored the game's first touchdown, following a Pahokee error. Ramos dropped back to punt at his own 30, but the snap sailed over his head. The Falcons' D.J. Ruff recovered a Blue Devil one-line.

A quarterback sneak by Hooker failed on the first down, but he scored one play later. The conversion failed and Forest Hill led 6-0.

Pahokee tied the game later in the second quarter as Antonio Wilson passed 47 yards to Walter Johnson for a touchdown. The Blue Devils also failed on the conversion try, and the score was tied 6-6 at halftime.

The 99-yard run gave Forest Hill a 12-6 in the fourth quarter. Murray's touchdown catch culminated a 49-yard scoring drive later in the quarter to complete the scoring.

to left and Anderson was caught off base for the final out of the inning.

In the top of the third, Glades Sugar came from the plate the winning run across the plate. Mike Haddon and Darrell Collier hit back to back singles to lead off the inning, and Dwayne Doney knocked them home with a single.

At the end of the inning, the score was 4-1.

Gold Coast came back with a run in the bottom of the fourth, but it wasn't enough. Mike Burkett hit a lead off single and was driven around to the plate off of singles by Ron Pittman and Billy Anderson.

The 4-2 score held fast through the rest of the game although Gold Coast Chemical loaded the bases for a three-out threat in the bottom of the seventh.

The runners scored when when Mosley grounded to short.

In the bottom of the inning, Gold Coast Chemical scored a run to cut the lead in half.

Billy Anderson walked to lead off the inning. He advanced to second when Billy Sanchez grounded to the pitcher and Chuck Anderson singled to bring him home. Ken Schlechter singled to keep the inning alive, but John Hood flew out.

A quarterback sneak by Hooker failed on the first down, but he scored one play later. The conversion failed and Forest Hill led 6-0.

Pahokee tied the game later in the second quarter as Antonio Wilson passed 47 yards to Walter Johnson for a touchdown. The Blue Devils also failed on the conversion try, and the score was tied 6-6 at halftime.

The 99-yard run gave Forest Hill a 12-6 in the fourth quarter. Murray's touchdown catch culminated a 49-yard scoring drive later in the quarter to complete the scoring.

The Falcons and Pahokee both scored in the second half after going scoreless during the first quarter of play.

The Falcons also got touchdowns from quarterback Chuck Hooker on a 1 yard run and on a 14 yard pass from Hoke to Mark Murray.

A Wilbur Ramos punt had backed Forest Hill to the 10 yard line in the second quarter. On second and 10, and with the Blue Devil defense jamming to the middle, Frazier took off around right end. He cut back at the 30, got a block from Murray, and sprinted untouched to the end zone. Frazier finished the night with 143 yards rushing.

The Falcons also scored the game's first touchdown, following a Pahokee error. Ramos dropped back to punt at his own 30, but the snap sailed over his head. The Falcons' D.J. Ruff recovered a Blue Devil one-line.

A quarterback sneak by Hooker failed on the first down, but he scored one play later. The conversion failed and Forest Hill led 6-0.

## Jogger runs for American youth, visits Glades area

By BILL BRYANT

Rob Sweetgall has been "on the run" since he left Washington, D.C. on Oct. 9. He's already run 1,100 miles, but still has 8,900 miles to go before he finishes his journey.

Sweetgall, 34, of Newark, Del., plans to run 10,000 miles for a program called "Run for American Youth." The program is sponsored by the Foundation for the Development of Cardiovascular Health, Kiwanis International, Gore-Tex, Lyons Studios, Ross Labs and Reebok (running shoes), according to Sweetgall. Sweetgall is a founding director of the Foundation for the Development of Cardiovascular Health. He said he formerly worked as a chemical engineer for DuPont Corp., but decided to devote all his time to cardiovascular health after several members of his family fell victim to heart disease.

As he sat sipping a cold drink at Donnelly's Restaurant in Clewiston Tuesday morning, Sweetgall, who has been jogging for 12 years, ex-

plained that the purpose of the run is to emphasize the importance of exercise and physical fitness to junior high and high school students across the United States.

Sweetgall said he and his partner Eric Conrad, plan to stop at one school a day during the trip and give a 45-minute slide/lecture presentation on physical fitness to the students using film clips collected during their journey. Conrad accompanies Sweetgall in a van equipped with audio/visual equipment while Sweetgall is running.

Sweetgall pointed out that he uses a run/walk technique and said, "I try not to think about how many miles I have left to go. Instead, I think about how many miles I have already run," adding that "I just take one day at a time."

Averaging 40 miles a day, Sweetgall is a half day ahead of schedule, he said. His longest run in one day is 50 miles and his shortest is 25 miles.

He will rotate 15 pairs of running shoes during the trip.

Explaining his route, Sweetgall said he left from Washington, D.C. on Oct. 9. He will run down the east coast of the United States, across Louisiana and Texas to the California coast, up the west coast to Oregon, along the Great Lakes to New England and end of back in Washington, D.C. in July, 1983.

A typical day for Sweetgall, he explained, begins at 5:30 a.m. with a breakfast of two eggs, Ensure, a completely balanced liquid meal, He hits the road at 5:30 a.m. and runs for about three hours before stopping for a second breakfast. He runs a while longer and then stops about 11 a.m. to lecture at a school. After lecturing, he takes a rest break until about 4 p.m. Then, he runs from 4 p.m. until about 8 p.m.

So far, Sweetgall related that the hardest part of his journey has been the hills in Virginia and

the curved roads with steep banks near Savannah, Ga.

"Running at night, I didn't dare step off the pavement near Savannah," he said. "It was very hard on my feet."

The rain has not stopped Sweetgall yet, he pointed out that he puts on a Gore-Tex laminated jogging suit when it rains and plans to wear it this winter.

Sweetgall said he was going to run to Moore Haven and then ride back to Clewiston Tuesday afternoon. He called the process, "banking miles."

Sweetgall plans to spend the night in Clewiston Tuesday and visit Clewiston Middle School or Clewiston High School on Wednesday for a slide/lecture presentation.

"I'm just going out for a little 15 mile jog now," Sweetgall told the waitress as he was leaving Donnelly's.

## Mrs. Ridgdill gets 'roasted'

Mrs. Dorothy Ridgdill, who is retiring after 11 years as Hendry County General Hospital (HGH) administrator, was "roasted" Sunday night at John E. Boy Auditorium by friends and employees of HGH.

Her staff at HGH rounded up a fantastic platoon of "roasters" who were in rare form and really showed the "roastee" how much she was appreciated.

The roasters included Ellie Hough, Dan McCarthy, Linda Reecer, Annie Parker, Lionel Beatty, Mildred Cox, John Perry, Norma Jean Beardley and Dr. J.D. Forbes. T.R. Myers was the master of ceremonies for the event.

Hilarity rang throughout the rafters at John Boy Auditorium and combined with good food, a fun time was had by all.

Preceding the roast, a supper of steak, baked beans, tossed salad, corn on the cob, rolls, dessert, tea and coffee was served for the approximately 165 persons who attended the "roast."

A surprise attack came from the honored guest in the form of a Last Will and Testament, which was left to Mrs. Ridgdill's employees.

Hendry County Administrator Lionel Beatty and Dr. Martha Valant each won a basket of fruit in a drawing for door prizes near the end of the roast.

All proceeds from the roast went to the Intensive Care Unit (ICU) fund of the hospital. Mrs. Mildred Cox, a member of HGH's Pink Ladies auxiliary, presented Mrs. Ridgdill with a check for \$6,000 toward the ICU and Dr. A. Karim Kaki presented a \$500 check.

Friends of Mrs. Ridgdill presented her a silver platter during the roast. It was inscribed:

Dorothy Ridgdill 1971-1982

From Your Friends at Hendry General Hospital

ALL THE way from France, Elie Broussier, 27, and his 24 year old wife, Christine, asked Mr. and Mrs. Richard Pape if they could spend the night in their pasture.

It was not every day that a married couple from France intent on bicycling across the United States stops at the Pape household and asks for camping privileges.

So Pape agreed and became privy to a unique story.

The Broussiers, natives of Royan, France, began planning to tour the United States three years ago. They didn't necessarily

## French couple bicycle across U.S., pause in Clewiston

Back in February Elie Broussier, 27, and his 24 year old wife, Christine, asked Mr. and Mrs. Richard Pape if they could spend the night in their pasture.

It was not every day that a married couple from France intent on bicycling across the United States stops at the Pape household and asks for camping privileges.

So Pape agreed and became privy to a unique story.

The Broussiers, natives of Royan, France, began planning to tour the United States three years ago. They didn't necessarily

plan to see the country from a bicycle seat, but it turned out to be the most economical way to travel.

Earlier this year they took leave of their jobs - he as an agricultural equipment salesman and she as a sporting goods store clerk - and flew to the United States to begin their journey.

Richard Pape recalls that the Broussiers English would improve greatly over the next nine months as they visited 10 states and Mexico, traveling as far as San Francisco and Colorado.

Among the sights

which impressed the young French couple most were the Grand Canyon and Yosemite National Parks.

"Americans are very friendly and the country is beautiful," said Elie Broussier.

The Broussiers had few problems during their trip, even after putting 6,000 miles on their bicycles.

They hope to return to the United States to resume their travels some day.

But their immediate plans are to travel to Miami and then fly to Peru and travel across South America.

## Glades schools enter academic games

BELLE GLADE, Seventy-two West Area Academic Games participants traveled to Palm Beach Junior College on Wednesday, Oct. 26 to compete in rounds five and six of the Language Arts competition. These students competed against students from the coastal area schools and Martin County Schools. Results of team standings for the West Area Schools are as follows:

Glades Day in first place in the senior division with 146 points would be a perfect score after six rounds of play. According to Mrs. Diane Seider, Chad Hood, of Glades Day School has a perfect score in the middle division.

and Pahokee Jr. Sr. High second place with 136 points.

Glades Day is also listed second in the middle division with 153 points. The Glades area had no schools to finish in the top three positions in the elementary division.

In individual standing a score of 36 would be a perfect score after six rounds of play. According to Mrs. Diane Seider, Chad Hood, of Glades Day School has a perfect score in the middle division.

Carsten Salvatore of Pahokee has a score of 35 points.

In the Senior Division, Janet Clayton of Glades Day has a score of 35 and Eddie Mikovsky also of Glades Day has a score of 34.

In the Elementary division, Johanna Jacks and Adam Salvatore are tied with 34 points.

Mrs. Seider said the next round of play will be held Nov. 16 at Palm Beach Junior College. The final rounds for Language Arts will be held Nov. 23 at the junior college.

A DISGUISED Carol Dooley presents a bouquet of flowers to Mrs. Ridgdill.

DR. A.K. KAKI (right) presents a check for \$500 to Mrs. Ridgdill toward a new ICU at Hendry General Hospital. Mrs. Mildred

Cox, a member of the Pink Ladies auxiliary, also presented a \$6,000 check to Mrs. Ridgdill for the ICU.

LANETTE LACY portrayed a Channel 12 TV news reporter during the roast. The skit was in regard to an unannounced visit to the hospital earlier this year by a WPEC TV news team.

## Gove bus drivers honored

**BELLE GLADE** -- Assistant Superintendent Sharon Nowland and nine of the cafeteria staff helped pay for and serve the 17 bus drivers and Allie Biggs, Director of Transportation.

The fifth grade patrol students cheered the bus drivers and clapped as they entered the cafeteria. During the meal, the students presented each driver with decorated plants

donated by G. Austin Rawlerson, Vocational Teacher for the handicapped children at Gove.

Those bus drivers honored included: Albert Seymore, Estesine Cleentscire, Lucile Henry, Delta Police, Willis W. Rivers, Delores Davis, Delores Chastine,

Kathryn Veal, Janie Rowe, Mattie Leeland, Ida Pearl Mann, Versie Lee, Mary Barfield, Joyce Singletary (bus driver), Patricia (bus aide), Patricia Walker (bus aide), Mattie Betha, Coordinator I and Allie Biggs, Director of Transportation.

## Star student chosen

**BELLE GLADE** -- Jerry Ingram has been named the Star Student of the Month at Christian Day School.

He is the son of Mr. and Mrs. Jerry Ingram of Pahokee and is in the eighth grade at Christian Day.

This year he is a member of the

Crusader Choir, is on the honor roll and is a participant in the school's Academic Games.

Already, Jerry has placed first in the individual competition for LingusHTIK.

He is very involved at his church and is not only assistant youth

School sets open house

**PAHOKEE** -- Open House will be held at East Lake Middle School on Monday, Nov. 15 at 7 p.m.

Mrs. Eugenia Jones, principal, said a general meeting to discuss school programs will be held and report cards will also be distributed following the meeting.

**Child services offered by Gove**

**BELLE GLADE** -- A child services program is being offered at Gove Elementary for school age children from 7 a.m. to 9 a.m. and 3 p.m. to 6 p.m. for working parents.

For further information contact Mr. Eccles at 996-4985 or 996-7903.

Barbara Wilson at 996-5961.

Gove Elementary is also offering fruit trees

and other plants for sale in the Exceptional Child Education Center at Gove.

## Calendar

**PALM BEACH JUNIOR COLLEGE-GLADES**  
THE THEATER

**CONTINUING EDUCATION**  
Nov. 4 -- A workshop on BASIC EKG for nurses certification. Every Saturday through Dec. 4.

Preschool Program--11 a.m., 3-5 year olds only, Belle Glade Municipal Library.

Belle Glade Lions Club--12:15 p.m., Municipal Civic Center.

Aleatene--5 p.m., St. John's Episcopal Church, Belle Glade.

## Pahokee students win mask contest

**PAHOKEE**--"A colorful contest meant awards, prizes, fun or extra effort for 30 students at East Lake Middle School. Students worked with paper mache to complete their study of faces and masks.

Activities included drawing portraits and cartoons and studying African masks, said art teacher Sharon Hearn.

Judging by Assistant Principal, David Hill, Photography by Rick Austin, EMH

teacher, and prizes donated by Royals Department Store and Burger King helped make this a special event for the new art department and Ms. Hearn.

The winning masks were worn at Halloween, displayed according to the wishes of the winners. Winners were Scarlet, "A Monster" by Corey Kitchen, grade 7; Funniest, "A Clown" by Elizabeth Fernandez, grade 7; Best Design, "Bearded Man", by

Nathaniel Smith, grade 7; and most realistic, "An African Mask", by Ellis Fuller, Grade 6.

Two additional win-

ners were added in the most popular category, "Scary", Kenneth Miller, grade 7, and Shane Morgan, Grade 6.

For more information contact Mr. Eccles after 4 p.m. at 996-0927.

## Musicians, singers needed

**BELLE GLADE**--Wanted 150 singers and musicians for a Christmas musical production.

James Eccles, minister of music at the St. John First Baptist Church will direct the musical "Jesus is the Light of the

World" during the Christmas holiday season.

In the October 21 edition of the Herald-Observer Dr. Miguel Benavides was incorrectly identified as Dr. Jaime

Caribbean medical students interning at Glades General Hospital.

# History of the Everglades...

20 YEARS AGO  
THE BELLE GLADE HERALD  
NOVEMBER 8, 1962

Southwestern Palm Beach County voters said in no uncertain terms they were in favor of a bond issue to finance the construction of a new local hospital.

With 60 percent of the registered voters casting their ballots, the \$1.2 million bond issue passed with a 977-191 margin.

The bond would go toward paying for the construction of a 75-bed hospital which would have the capacity of being expanded to a 150-bed facility on the Belle Glade Memorial Hospital site.

More construction was already underway on what was to become the Second Street Bridge.

Police Chief Charles Goodlett was in charge of building the bridge, using city employees to perform the work.

The work was begun after the city secured a permit from the Central and South Florida Water Control District and knocked the cowboys and mose off pilings which had been on hand for years.

With two conference games to go, the Belle Glade High football team was undefeated, looking toward the possibility of a championship.

30 YEARS AGO  
THE BELLE GLADE HERALD  
NOVEMBER 7, 1952

Two Glades Correctional Institution inmates kicked up their heels for several hours following

an escape but wound up being arrested for armed robbery, unarmed robbery and kidnapping.

Deputy Sheriff Gib Gross and Police Sgt. Paul Highby said the escape attempt included the kidnapping of a prison guard, his robbery, the kidnapping and robbery of a deputy and several mad dashes in various automobiles, with pursuit by police, two deputies and highway patrolmen in two counties.

Controlled seining would continue in Lake Okeechobee at least through March 1, according to the Florida Fresh Water Fish and Game Commission, but fees would be increased.

The seining was part of a controversial program designed to improve sport fishing in the lake, as well as other lakes in the state, but the fees paid by the commercial fishermen to support the experiment wasn't paying the way.

There was a 100 percent turnout in at least one precinct in the Glades area for the 1952 general election.

All nine voters turned out at the Shawano Village precinct, although one of the nine spoiled his ballot so only eight votes were counted.

The count, supervisor of elections said the size of the precinct was expected to balloon to 40 or 50 voters by the time of the next general election.

40 YEARS AGO  
THE EVERGLADES NEWS  
NOVEMBER 6, 1942

A mysterious fire destroyed a packing house and an insecticide plant, owned by W.H. Vann and Warren R. Rietz, and three refrigerated cars owned by the Fruit Growers Express.

Both buildings were covered by some insurance but both were considered to be irreplaceable at the time.

A total of \$75,000 worth of damage was estimated.

Brown farmers in the Pahokee-Canal Point area expect to be 1,500 pickers short as the harvest season loomed on.

The growers were calling officials in Washington in an effort to find a solution to the problem of men being drafted and problems with transportation brought on by shortages of gasoline and tires.

Some weren't waiting though and Roy Vandegrift sent his son to South Carolina to recruit workers but the younger Vandegrift was arrested and charged with pirating labor.

Meanwhile, U.S. Sugar Corp. in Clewiston was being charged with holding field workers in peonage and Glades County Sheriff Jeff Wiggins was indicted for using county prisoners to work on his private farm.

That second cup of coffee for the day promised to harden to come with the announcement that coffee would be rationed after Dec. 1.

Federal officials said one pound of coffee would be allowed every five weeks for anyone over the age of 15. That amounted to about a cup a day.

area.

Practically all the beans in the Canal Point and Pahokee areas were destroyed, along with the crops in the South Bay and Lake Harbor areas.

The crops on Torrey and Kremer Islands were in pretty good shape, were those in the Belle Glades area.

One indication of the damage done came when a farmer, who had offered to give the beans in his 1,200 acre field on Saturday to a group of unemployed men but who hadn't been able to find them, sold the same beans on Monday for \$800.

Relief for destitute people in the Glades received a push when a packing house owned by L.L. Stuckey was used as a warehouse for relief supplies.

The packing house was used for the purpose when an anonymous donation to the American Red Cross made it feasible.

An adequate amount of flour had already been distributed and lard was expected to be on hand for distribution in the near future.

Work on building a levee from Canal Point to the Miami River around the southern end of Lake Okeechobee was begun by the Canal Dredging Company.

The company was using four draglines and a dredge to do the excavation and was expected to begin work that week on capping the dirt with

Carpenter insures an Account Executive.

A spring wedding is planned.

Obituary

Funeral services for Osvaldo Villanueva, a 13-year old Belle Glade Christian Academy student were held Thursday at the Apostolic Church of Jesus Christ, with J.P. Field officiating.

Osvaldo died Oct. 30 on a school outing to the Peace River near Arcadia, falling out of a canoe and drowning.

He and his parents, Mr. and Mrs. Enrique Villanueva, moved to Belle Glade from Monterrey, Mexico three years ago, making

Burial was in the Port Mayaca Cemetery in Martin County.
